Lilbourne Parish Council

BEHAVIOUR POLICY FOR CONDUCT ON LILBOURNE MINIBUS

Policy Principles

It is important that both children and passengers know and understand what is expected of them on the minibus.

We elicit the support and involvement of parents in the implementation of our behaviour policy.

We have established a Code of Conduct with Yelvertoft Primary School.

Positive behaviour is encouraged on the bus to promote and ensure a safe and secure journey to and from school.

Children using the School Bus are the responsibility of their parents. We expect the children to

behave properly on the bus, to ensure the safety of all on board, and we support parents in

enforcing the following rules:

- Find your seat quickly.
- Always wear your seatbelt, and do not remove until told to do so by the driver
- Sit down immediately and remain seated until the bus reaches your stop.
- Talk and behave quietly.
- Be courteous to the driver and others using the bus.
- Do not distract the driver.

Sanctions

- An apology from the child is always expected if bad behaviour takes place on the bus.
- Reprimand by the Senior Teacher / Headteacher.
- Dictated seating arrangements.
- Parents informed and involved in discussion.
- Child refused use of transport for a prescribed period.
- passengers could be refused use of transport if rules not adhered to

Any incidents should be recorded in the incident book and escalated to the bus administrator by the driver/volunteer on the day the incident occurred

Date of Adoption : October 2016
